Montgomery Fire Department news and notes

Waking up abruptly at all hours, leaving the dinner table halfway thru the meal, responding to any emergency, using vacation time to fight house or brush fires, getting late to work to assist in an early am medical issue, the list is endless.

154 Main Road
Montgomery, MA

This is what Montgomery Fire Department Captain Jeff Brown has been doing as a Volunteer Firefighter for our Town for over 35 years. Jeff has decided this year to retire from the Department. Jeff has been valued member for all these years. He has assisted in training, mentoring, repairing, and responding. Jeff will be dearly missed. If you see Jeff

around town or at the Grille, or at meetings, thank him for his many years of volunteered dedication and service. The Montgomery Fire Department thanks you Jeff. Congratulations Jeff!!

Chimney check

As summer is winding down, cold weather is around the corner(don't hate the messenger). Please get your heating systems and chimneys cleaned and inspected.

Failed dry hydrant

The MFD also thanks our members and the Springfield Plumbers and Pipefitters Local 104 in their time and materials donation to replace the failed dry hydrant located on Russell rd. Thanks to Fire Captain Mark Chretien in organizing the whole operation. Thanks also to Firefighter Matt Frye for donating digging equipment. These labor, equipment, and materials donations saved a significant amount for our Town financially.

The new dry hydrant is used as a primary water supply

And the scholarship goes to...

The Montgomery Fire Department is pleased to announce that we had 3 applications for the 2019 Fire Chief Stephen P. Frye Memorial Scholarship.

The applicants were all well-deserved, and, it was a tough decision, but we had to pick only one graduating High School Senior.

This year's winner is Thomas Hyjek. Congratulations Thomas and best of luck at Western New England University.

Local 104 Brothers Kyle Maslak, Seth Cupak, and Robert Berniche volunteered their time to help out the Town of Montgomery FD with installing a new dry hydrant system with material donated by Local 104. This project will be pivotal in saving homes and lives.

for the upper side of Town and is replacing a system that was installed in the 80's. See the full article in the Westfield News. <https://thewestfieldnews.com/springfield-plumbers-union-donates-dry-hydrant-system-to-montgomery-fd/>.

Volunteers

Anyone wishing to become a volunteer member of our fine Department should contact Chris Galipeau or show up at the Fire station Tuesday evenings at 7 pm to fill out an application and see what we are all about. It does take a lot of effort and dedication but is rewarding. Junior volunteers are welcome but need to be at least 16 years of age with documented parent/guardian permission.

“By all these lovely tokens September days are here, with summer's best of weather and autumn's best of cheer.”

Helen Hunt Jackson

The Grille is *the place* to meet your neighbors!

46 Main Rd, Montgomery, MA
862-(FOOD) 3663

PUBLIC NOTICE

Don't believe the rumors about the Grille
moving to the Town Hall.

Dispute over kitchen cabinets proved to be too much.

Montgomery Grille will remain at
46 Main Rd., Montgomery, right where we belong.

"Stay hidden from the big city."

We look forward to seeing you all!

Here's a **DIET TIP!**

from the Grille

*In an effort to not only serve the best food, we strive to
create better customers thru a better diet.*

Here's this month's tip:

**Always eat with chop sticks. It'll slow you
down so much you may just give up.**

*At the grille we have regular silverware; so you
can eat fast and heavy if you want.*

AT THE MONTGOMERY MARKETPLACE

Hours:
Wednesday, Thursday, Friday:
5:30 am to 2:30 pm
Saturday and Sunday:
6:00 am to 2:30 pm
Lunch starts 11:00 am

46 Main Rd, Montgomery, MA
862- (FOOD) 3663

NEW HOURS: 6:00 a.m. to 2:30 p.m.

Closed Mondays & Tuesdays

Here's your Fall gardening checklist

- Plant fall greens and lettuces. Lettuces and other salad greens grow and thrive in cool temperatures. Most leafy greens can be directly seeded but kale and Swiss chard can be started 4 weeks early, indoors and transplanted.
- Harvest mature winter squash and pumpkins before the frost. Do not harvest when wet and do not allow fruit to get wet. Store in a well ventilated area.
- Check local garden centers for end-of-season plant sales. Keep newly planted shrubs and trees well watered.

GardenNews
by Chris Brown

- Select and prepare sites for spring flowering bulbs.
- Start fall clean-up. Remove dead annual plants.
- Spring blooming perennials can be divided now.
- Put up excess plum tomatoes by roasting and freezing. Slice tomatoes in half lengthwise, place on a baking sheet, drizzle with olive oil and sea salt and roast in a 250 degree oven for 3 hours or until tomatoes are soft but not juicy. Cool before packing in freezer bags.

SPICED CARROT FRITTERS

Recipe for Sept. 2019 (Thank you Jeanne Aras for the latest recipe)

2 lg. eggs	1/2 tsp. salt
1/2 tsp. pepper	3 lg. carrots, coarsely grated
1/4 cup "Panko" bread crumbs	3 scallions, thinly sliced and divided
1 cup cilantro, chopped	1 red chili, thinly sliced (seeded for less heat)
2 Tbsp. fresh lime juice	3 Tbsp. olive oil, divided
2 oz. feta cheese, crumbled	(Green Salad for serving)

Whisk eggs with salt and pepper in large bowl. Add grated carrots to coat, then add bread crumbs and 2 of the scallions, chili pepper and cilantro.

In small bowl, combine lime juice, 1 Tbsp. oil and 1 scallion. Set aside. Heat a large cast iron skillet over medium heat, then add 1 Tbsp. oil. Drop by spoonfuls and cook until golden brown and crisp. Flip and cook on other side. (Add more oil if needed). Put on wire rack while cooking remaining fritters. Gently stir in the feta cheese into the lime, scallion mixture. And serve over fritters.

Outside the bird feeder with Lori Conley

BIRD MIGRATION - HOW IT WORKS

Without an atlas, road signs or GPS, more than 5,000 birds manage annual round trip migrations. The journeys can be thousands of miles with many birds returning to the exact same nesting or wintering locations from year to year. But how do they manage this amazing journey?

Migration is critical in their life cycle and without it many birds would not be able to raise their young. Birds migrate to find the richest most abundant food sources that will provide adequate energy to nurture young birds. Without it competition for adequate food would be fierce and many birds would starve. Of course not all birds migrate. Some species have adapted to take advantage of different food sources as seasons change. Other birds are better adapted to cold climates with thicker fat reserves and better feather insulation.

Birds gauge the changing seasons based on light level from the angle of the sun and the overall amount of daily light. Some minor factors can affect the precise day any bird species begin their migration, including available food supplies and abundance, bad weather, storms and barometric pressure, air temps and wind patterns and illness or injury

that require recuperation.

While these factors may affect migration by a day or two, most bird species follow precise migration calendars. While fall and spring are peak migration periods, migration is actually an on-going process and there are always birds at some stage of their journey.

One of the greatest mysteries is how they find their way from one location to the next. There are several techniques that include magnetic sensing, internal 'geographic mapping', star orientation, and 'learned' routes. In addition birds may use other clues such as strong scent clues, ambient sounds along the way or even taking clues from other species with similar needs.

There are many threats along the way and it is estimated that 60 percent of some species never complete a full round-trip migration.

Migration is a dangerous but necessary journey for many birds. Fortunately they are well equipped to survive the task and bring winged enjoyment back to birders' yards every year.

Reminder: Keep hummingbird feeders up and full with fresh nectar until you have not seen them for 2-3 weeks. Wild birds migrate when it is time and having feeders full will not keep them from migrating.

Happy September!

MHS kicks off Fall with great trips and events

Welcome back from the Mountain Breeze's summer hiatus – hope all of our Montgomery neighbors and friends have enjoyed the roller-coaster summer weather and spent some quality time outdoors. It's certainly a pleasure to finally see some cooler temperatures!

To kick off the Montgomery Historical Society's new season, we're hosting a "Mystery Field Trip" to one of our town's historical sites... but you'll need to call us to see where our mystery tour will be headed. Save the date: **Saturday, September 14, meeting at 9:30 a.m. at the Town House (Historical Building) at Montgomery Center.** We will drive to our destination(s) and learn some history about our "best little Hilltown" while we're there. Please dress for some moderate walking, and bring bug spray plus water to keep you hydrated. (Call Laura at 862-8095 for the details.) **Saturday, September 21, the Town House (historical museum) will have Open House from 9:30 a.m. to 12:30 p.m.** for townspeople to view the Historical Society's

Historical Happenings

exhibits of artifacts and historical photographs. We will also have a digital scanner available, and ask if you have any historically significant documents from or related to Montgomery, please consider bringing them to the Open House so they may be scanned for preservation in our archives. We encourage you to bring along your young children or grandchildren to introduce them to what life was like in the "old days."

We are planning our annual **Chicken Pie Supper for Saturday, October 19, with dinner at 6:30 p.m.** and program approximately 7:30 p.m. The supper will include chicken pie, mashed potato, gravy, vegetable, cranberry sauce, dessert, and beverage. We will also have a 50/25/25 raffle.

Please save the date – **October 19** – for a scrumptious meal and interesting program. More details will be announced in the next edition of the Mountain Breeze. Reservations can be made at any time by **calling Laura at 862-8095.**

The Historical Society's display case in the Grace Hall Memorial Library at the town center is used to showcase historical items/collections and newer collectibles loaned by townspeople, friends and members of the Historical Society. The current display, "Artifacts & Miscellany," was installed in the display case in early August for everyone's enjoyment. Please remember: if you have some items or collections you'd like to share with your neighbors and friends, contact Laura (862-8095) to arrange for a time to do so. And if you are a patron of the Montgomery library or are just interested in seeing what's on display, please stop in during library hours for take a look. We hope everyone is enjoying the various exhibits we've presented in the past, and you can help keep it interesting by loaning your materials!

Recycling News – Montgomery bulk drop-off requirements

SATURDAY, OCTOBER 5, 2019
8:00 AM TO 1:00 PM

MONTGOMERY TOWN CENTER
BEHIND HISTORICAL BUILDING
AND CHURCH

Available to Montgomery town residents – proof of residency, such as a license, may be requested. No trailer loads, please. Each household is allowed to bring up to five items – space permitting. (A few small items may equal one item.)

Lists of restricted and banned items are attached. Please refer to this list before bringing items to the drop – off.

This is a volunteer effort. If you appreciate this service, please come to help for an hour or two. The organizers cannot carry the items into the dumpsters and are always looking for help. If you would like to help, or have any questions, please call Kate Griffen @ 862-0296 or Chris Brown @ 862-4591. Thank you for your cooperation.

*** Please Note – Appliances WITHOUT freon are ALLOWED ***

RESTRICTED ITEMS NOT TO BE PLACED IN YOUR CONTAINER

In order to ensure compliance with State and Federal Environmental Regulations, we are not permitted to accept the following items. Under no circumstances should they be placed in a container as trash.

- TIRES OF ANY KIND
- MATTRESSES/BOX SPRINGS
- COMPUTERS/MONITORS OR TELEVISION SETS
- ITEMS WHICH CONTAIN FREON (refrigerators, freezers, A/C, dehumidifiers)
- NO YARD WASTE
- NO APPLIANCES OF ANY KIND
- NO LIQUID OF ANY KIND
- NO HAZARDOUS WASTE
- NO ASBESTOS MATERIALS
- NO BATTERIES

These items are banned and cannot be disposed of as general trash. If they are found to be in the container, a handling fee will be charged to remove and properly dispose of the item(s). The fee varies according to the item is set by the disposal site.

Should you have any questions on how to properly dispose of any waste, please contact our office @ (413) 557-6700. Thank You.

Shine Counselor – Buliah Thomas – 667-2203

Veteran's Agent – Daniel Flechsig – 862-8095

Outreach – Ginger Cruickshank – 862-4932

Falls Prevention Awareness Day September 23rd

The annual Falls Prevention Awareness Day (FPAD) will be observed on September 23, 2019 the first day of fall. The event seeks to raise awareness about how to prevent fall-related injuries among older adults.

Osteoporosis, Falls, and Broken Bones

Falls Prevention Awareness Day is a great time to learn about the link between fall-related injuries and osteoporosis. The good news is it is never too late to identify and treat osteoporosis or prevent falls to avoid broken bones. Speak to your healthcare provider about how to reduce your risks for osteoporosis and falls, about getting a bone density test, and about medications, if necessary, to treat osteoporosis.

How are falls and osteoporosis linked?

- 1 out of 5 falls among older adults causes serious injury such as a broken bone. If we can prevent falls, we can prevent broken bones of the hip, spine and wrist.
- Vitamin D deficiency is a risk factor for both falls and broken bones. Daily vitamin D and calcium supplements are associated with reduced falls and fewer broken bones in older adults. Speak with your health care provider about how much vitamin D and calcium is right for you.
- Regular physical activity and exercises that combine weight, muscle strengthening and balance helps reduce the risk of falls and improves the health of your bones.

Take action to prevent osteoporosis and falls

- ✓ Eat a balanced diet rich in calcium
- ✓ Take vitamin D supplements
- ✓ Get regular physical activity
- ✓ Don't smoke
- ✓ Limit your alcohol
- ✓ Check your home for safety
- ✓ Talk with your doctor about a screening test.
